# Integrating Physical Activity into the Complete School Day

The National Association for Sport and Physical Education (<u>NASPE</u>) recommends that children spend at least <u>60 minutes per day in physical activity</u>. Along with physical education classes, students need physical activity opportunities throughout the school day to meet these recommended minimum requirements.

During the school day, children and youth need a "break" from sedentary activities in the classroom. Physical activity breaks meet this need and can increase individuals' daily physical activity levels.

Physical activity breaks or energizers can be incorporated into the school day during early morning announcements, in hallways while students are waiting in line, and during each academic class as a way of integrating learning objectives with physical movement. Engaging the body and mind in physical activity during transition times will provide students with a much-needed break from sedentary time, and assist them in focusing on the next learning activity.

The resources below will provide meaningful physical activities that students can engage in during small amounts of time. These activities can be used by classroom teachers, physical educators, and anyone wishing to engage youth in a brief bout of physical activity.

## Brain Breaks/Energizers/Physical Activities for Use During School

### ABC For Fitness

Accelerated Learning Brain Breaks - unusual brain break games.

<u>Active Academics</u> - activities integrate physical activity into lessons, by grade and subject.

Activity Ideas for All Seasons

Behaviour Matters Brain Breaks - brain break activities.

Brain Breaks- elementary level, organized by academic subject matter.

<u>Choosy Kids</u> – resources for nutrition and physical activity.

<u>CircusFit</u>

Current Health Fitness Guide

Dr. Jean Brain Breaks - list of activities for younger children (pre-school and K).

Energizers: Classroom Based Activities

Fit Kids Activities - physical activities that integrate academics.

Game On! The Ultimate Wellness Challenge

Help Inspire Strong Bodies - physical activity brochure for teachers from CDC.

<u>Just-A-Minute (JAM) School Program</u>- fitness break activities, including monthly newsletter.

Lead Them Toward Success - physical activity brochure for principals from CDC.

Mississippi's Health in Action Program

Mississippi's You've Gotta Move Program

<u>Moving More Challenge</u> - fitness challenge program available to schools to encourage physical activity before/during/after school.

NASPE's Teacher Toolbox

<u>North Carolina Energizers</u> - download "booklets" of energizer activities for elementary and middle school classrooms.

nrgBalance

nrg Powered by Choice-for teens and leaders

PE Central http://www.pecentral.org/

Ready, Set, Fit –health and activity program for classroom teachers in grades 3 and 4.

Take Ten - ties learning objectives to physical movement.

U.F.A. Brain Breaks- brain break activities.
